Experience Gained

Reason behind success

- No record in HA CMS to reduce hesitation to seek help
- Flexible on time and location for assessments
- Simple referring procedure

Conclusion

- Conclusion

  The project explored an innovative recruitment channel of hidden substance abusers by proactive approach, out-reaching service and collaboration with community partners
- Suggestions

  Strengthen collaboration between NGOs and Hospital Authority
- Way forward

  Explore hidden drug abusers in different client groups (e.g. MSM, middle-class :financially stable, well-educated)
